IKO ROYAL ESTATE PREMIUM SHINGLES

Before the first lullaby; before training wheels, summer camps and the big job promotion; ahead of summer vacations and high school graduations – there was one thing that mattered most: safeguarding your family members by providing a roof over their heads.

Many of life's most memorable moments unfold under the UNCOMPROMISING PROTECTION of your roof.

Since 1951, IKO has been there for North American families just like yours, quietly enduring the elements to protect families, homes and everything dear – while providing the luxury of not having to worry.

Now that it's time to replace your roof, don't take it for granted. Keeping your family comfortable and safe is just as important now as ever. And it's important to choose roofing products that not only look great, but also can go the distance. At IKO, four generations of family-owned-and-operated experience go into every product we make. The result? **Beauty you can see. Quality you can feel. And performance you can trust. Because at IKO, it's not just roofing. It's roofing elevated.**

BEAUTY YOU CAN SEE

Your home is an outward expression of your inner self.

Your home's roof may account for up to 40% of the visual surface area of its exterior. IKO Royal Estate premium laminated shingles take hi-def to dizzying new heights of sophistication. Designed as a step-up from our architectural shingles, they offer a beautiful upscale look at an attractive price.

You'll do a double-take when you see how closely these blends mimic the gorgeous appearance of natural slate tiles. Genuine stone varies considerably in color from charcoal grey

to rich dark browns. Each of our four spectacular color blends is based on the natural color variations you'll find in genuine slate. IKO quarries, crushes, and colors its own stone. IKO Royal Estate shingles feature extra-deep shadow bands in order to provide enough contrast to create the random-cut, hand-hewn appearance of individual quarried stone tiles. Even in the darker color blends the profile of separate tiles shines through in sharp relief.

Matching hip and ridge cap shingles are available to protect vulnerable roof areas and complete the stunning, hi-def designer look of your new roof.

Can't decide on a shingle color? IKO RoofViewer® to the rescue! Our exclusive interactive shingle selector software tool lets you mix'n'match our shingles based on home style, color of siding and other accessories. Or upload a photo of your actual home. QUALITY YOU CAN FEEL

We never take quality for granted. The thickness of IKO Royal Estate's dimensional profile and deep shadow bands create the appearance of natural slate tiles in a way that sets them apart. We couldn't have achieved that look without a difference in quality you can actually feel. We laminated two tough fiberglass mats together for strength, durability and thickness.

You can see – and feel –
the difference in quality.

TOUGH TO THE CORE.

The strength of our shingles starts within thanks to our resilient, fiberglass mat, coated top and bottom with weathering asphalt, then surfaced with colored granules.

AN EXCEPTIONAL BONDING EXPERIENCE.

Our shingles have IKO's Fastlock® sealant along their bottom edge that helps prevent wind-driven rain from getting underneath them. When activated by the sun's heat, it gets extra-tacky and creates an even stronger bond to help ensure maximum protection against wind uplift, blow-off and water penetration.

BUILT-IN ALGAE RESISTANCE.

We embed colorfast Algae Resistant granules into our shingles to help inhibit the growth of blue-green algae that can cause unattractive black stains, streaks and discoloration.

PERFORMANCE YOU CAN TRUST

Our inner strength is your inner peace.

When the roof over your head is built with IKO Royal Estate shingles, you and yours can rest easy. We've engineered our shingles to weather life's storms and be an effective first line of defense against inclement weather.

So, let it snow. Rain.
Or blow.
